Applications (*)

Cement	Underground railway
Ceramic	Oil & gas
Chemistry	Paper mill
Dust collection	Light alloy production
Energy	Glass production
Incinerator	Steel production
Railway tunnel	Underground railway station
Road tunnel	Residence ventilation
On shipboard system	Industrial ventilation

Arrangement (**)

1	single inlet fan for belt drive
4	single inlet fan for direct drive
6	double inlet fan for belt drive
7	single inlet fan for coupling drive
8	single inlet fan for coupling drive
9	single inlet fan for belt drive
12	single inlet fan for belt drive
17	double inlet fan for coupling drive
18	double inlet fan for belt drive
